## MERN Stack Developer

📧LinkedInID | 📁Portfolio | 📍Ahmedabad-380054 | 📞+91 9998958207 | ✉csuthar0609@gmail.com

### CAREER SUMMARY:

MERN Stack Web Developer with expertise in React.js, Node.js, MySQL and MongoDB. Skilled at creating high-performance, scalable web applications with focus on user experience. Combines technical abilities with creative problem-solving to transform complex requirements into seamless digital solutions.

### WORK EXPERIENCE:

#### Stack Code

Jan, 2025 - Present

#### MERN Stack Developer Intern

- Contributed to a live accounting software project as a full-stack developer, implementing secure authentication, and interactive dashboards using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Collaborated in an Agile environment, actively participating in sprints, code reviews, and version control with Git while gaining hands-on experience with REST APIs, JWT authentication, and responsive UI development.

### RELEVANT PROJECTS:

#### Book Publish (Backend)

Tech: Node.js, Express.js, MySQL, Prisma ORM, JWT, OTP (Email), Multer

- Engineered the backend of a book publishing platform using Node.js and MySQL with Prisma ORM, focusing on scalable database design, RESTful APIs for book and user management, and payment logic for authors and admins.
- Implemented secure user workflows, including JWT-based authentication, OTP verification during registration, and robust access control to enhance platform integrity.

#### Responsive React Website (Fronted)

Tech: React.js, JavaScript, CSS3, Bootstrap, Tailwind CSS

- Built a responsive and interactive UI featuring a custom image slider with auto-play/manual controls, scroll-triggered animations using Framer Motion, and optimized image loading through lazy loading.
- Developed dynamic content rendering using React Hooks (useState, useEffect) and styled the layout with a hybrid approach combining Bootstrap and Tailwind CSS utilities for efficient, responsive design

### EDUCATION:

2019 - 2023 | Ahmedabad institute of Technology

Bachelor of Engineering | 8.57 CGPA

### CERTIFICATIONS:

#### Full-Stack Web Development Certification

### SKILLS:

- Front-End: React.js, HTML5, CSS3, Bootstrap, JavaScript, Tailwind CSS
- Back-End: Node.js, Express.js
- Database: MongoDB, MySQL
- Tools: Git, GitHub, Postman, Prisma ORM
- Other: REST APIs, Responsive Design, Agile methodology

### SOFT SKILLS:

- Problem solving
- Team Collaboration
- Communication
- Adaptability
- Time Management
- Self-motivation
